IHDE CLINICAL PORTAL

IHDE IMPROVED ITS CLINICAL PORTAL BY ADDING INCREASED FUNCTIONALITY, INCLUDING ACCESS TO VALUE-ADD SERVICES AND ENHANCEMENTS TO IMPROVE THE FLOW AND FUNCTION OF THE SYSTEM

WHAT DOES IT DO?

The Clinical Portal provides a real-time longitudinal medical record to providers to drive decision making at the point of care, including newly released enhancements such as:

- **The ability to audit event logging**
- **The ability to set up specific users and their associated roles**
- **Access to IRIS and Aunt Bertha (IHDE's Social Determinants of Health platform)**
- **Access to new vital signs data model and display**
- **The ability to change the size of the Clinical Document Viewer Tree**

Reliable, accurate data that supports improved patient care and value-based care.

WHAT IS THE VALUE?

The IHDE Clinical Portal provides a safe, secure, and effective platform for providers to retrieve a myriad of data to support improved healthcare outcomes and value-based care.

Coordinated care to improve patient outcomes and support for value-based care.

Reliable access at the point of care to improve outcomes and decrease the cost of care.
